Training Report by Dick Low

- The fall checkride period has passed. If you are not current with your club checkout, please contact a CFI through ScheduleMaster today!
- November 1 has passed and all Cessna's should now be topped off as opposed to fueling to the "tabs". If you would prefer the fuel not be topped prior to your flight, please contact the member before you to arrange. The Arrow fuel should always be left at the tabs.
- The Class Bravo airspace has been extended by the FAA past KARR with a floor of 4000 feet.
- Tom Sullivan from Cirrus Aircraft will present at the November membership meeting.

Old Business:

The holiday party is scheduled for December 9, 2010 and a deposit has been sent to Pilot Pete's. Bill Everson is coordinating raffle prizes. If any member has prizes that they would like to donate or solicit, please contact Bill. RSVP's should be sent to Steve Mayes (stevem1962@aol.com) no later than 12/2/10.

New Business:

Mike Sandman has information on FAA approved seatbelt extensions. If you are interested, please contact Mike at mike@sandman.com

Thank you for Lou Camp for his service as Secretary of FFC!! Lou has retired to Florida and the position is now open. Chris Thomsen will fill the seat until someone volunteers. Anyone interested in becoming the FFC Secretary should contact anyone on the Board for information.

Andy Vlack brought up a possible website redesign. Chris Thomsen contacted Rich Wellner who has volunteered to take on the project. More details coming next month.

Thank you, Rich!
